

- Foldable platform and compact body size for maneuverability in narrow aisles
- The proportional lifting function for precise and gentle stacking
- Shock-absorbing platform and arm guards ensure a safer and more comfortable ride

Manufacturer			FORX
Model designation			RSB202
Drive			Electric
Load capacity	Q	kg	2000
Load center distance	С	mm	600
Service weight		kg	940
Retracted mast height	h1	mm	1900
Lift height	h3	mm	2912
Height, mast extended	h4	mm	3470
Length to face of forks	12	mm	850
Overall width	b1/b2	mm	850
Fork dimensions	s/e/l	mm	65×185×1150
Turning radius	Wa	mm	1620
Max. gradeability, laden/unladen		%	8/16
Travel speed, laden/unladen		km/h	5.5/6
Lifting speed, laden/unladen		m/s	0.12/0.2
Lowering speed, laden/unladen		m/s	0.3/0.2
Battery voltage/nominal capacity		V/Ah	24/100

■ FEATURE

Stability and Durability

The RSB202 features a brand-new H-beam mast structure and increases the overall strength and rigidity, providing great stability even when elevated to its maximum height of 3.9 meters.

Effortless Operation and Precise Control

Electronic Power Steering (EPS) provides a light and precise response, reducing steering strains and offering easy turning even in narrow spaces. Furthermore, the proportional lifting function allows for fine-tuned control, enabling operators to position loads with utmost accuracy and gentleness, which protects fragile goods from collisions or shock.

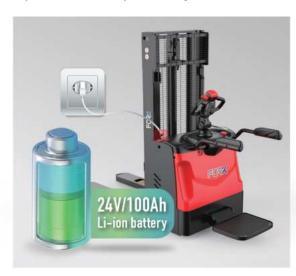

Comfortable Operator Experience

The RSB202 features a foldable, shock-absorbing platform and arm guards for a secure and comfortable driving experience. Plus its travel speed of 6km/h (unladen), it's helpful when transporting pallets in medium-size warehouses.

Lithium-ion Technology

The RSB202 is equipped with 24V/100Ah lithium battery and an integrated charger as standard. Its opportunity charging, longer lifespan and zero maintenance features reduce downtime and daily operation costs for productivity boost.

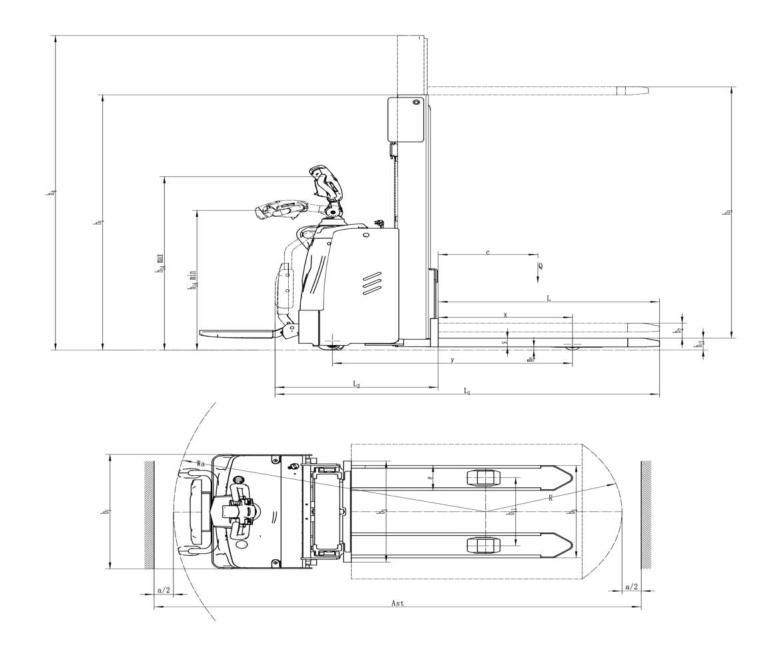

Li-ion Stacker with Foldable Platform 2000kg
